Volume 2 - Ampliação

Prof. Juliana Alvarez

Para se mexer:

Comparative form: we use the adjectives to compare people, places and things.

Monica is nicer **than** Megg. (**Monica é mais gentil do que Megg.**)

We have **4 rules** to use the comparative form:

1st - We add **R/ER** in all the short adjectives. Ex: small**ER** than / tall**ER** than / swett**ER** than

My friend is smarter**er** than yours.

2nd - When the adjective has the three last letters: **CVC**-consonant/vowel/consonant.

We double the last letter and add **ER**. Ex: big**GER** than / hot**TER** than

She is sadd**er** than he is.

3rd - When the adjective ends with **Y** we take it and add **IER**.

Ex: easy - eas**IER** than/funny - funn**IER** than

We are happ**ier** than yesterday.

4th - When the adjective is considered **big or with more than 7 letters** we write **MORE**.

Ex: more expensive than / **more** interesting than

This animal is **more** dangerous than the others.

Exceptions

good - **better** than

bad - **worse** than
